Monopotassium Phosphate

Section 1. Chemical Product and Company Identification

<table>
<thead>
<tr>
<th>Product name</th>
<th>Monopotassium Phosphate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Trade name</td>
<td>Monopotassium Phosphate; Multi-MKP; Hi-M 235.</td>
</tr>
<tr>
<td>Synonym</td>
<td>Phosphoric acid, monopotassium salt, MKP.</td>
</tr>
<tr>
<td>Fertilizer formula</td>
<td>0-52-34</td>
</tr>
<tr>
<td>Chemical formula</td>
<td>KH₂PO₄</td>
</tr>
<tr>
<td>Emergency telephone number</td>
<td>972-4-8469603/4</td>
</tr>
</tbody>
</table>

Haifa Chemicals Ltd.
P.O. Box 10809,
Haifa Bay 26120, Israel
Tel: 972-4-8469961
Fax: 972-4-8469955
Email: industrial@haifachem.co.il

Section 2. Hazards identification

<table>
<thead>
<tr>
<th>Physical state</th>
<th>Solid. (Crystal powder.)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Emergency overview</td>
<td>No specific hazard. USE WITH CARE. Follow good industrial hygiene practice. Seal properly after usage. Store under cool dry conditions. Keep out of the reach of children.</td>
</tr>
<tr>
<td>Routes of entry</td>
<td>Dermal contact. Eye contact. Inhalation. Ingestion.</td>
</tr>
<tr>
<td>Potential acute health effects</td>
<td>Eyes: No known significant effects or critical hazards. Skin: Practically non-toxic in contact with skin. Inhalation: No known significant effects or critical hazards. Ingestion: Practically non-toxic if swallowed.</td>
</tr>
<tr>
<td>Potential chronic health effects</td>
<td>Carcinogenic effects: Not classified or listed by IARC, NTP, OSHA, EU and ACGIH. Mutagenic effects: Not applicable. Teratogenic Effects: Not applicable.</td>
</tr>
</tbody>
</table>

Over-exposure signs/symptoms: Ingestion may cause gastrointestinal irritation, vomiting and diarrhea.

See toxicological information (section 11)
Section 3. Composition, Information on Ingredients

United States
Monopotassium Phosphate 7778-77-0

This material is classified as not hazardous under OSHA regulations.
See Chapters 8, 11 and 14 for details.

Section 4. First aid measures

Eye contact : Check for and remove any contact lenses. In case of contact with eyes, rinse immediately with plenty of water. Get medical attention if symptoms occur.
Skin contact : Wash with soap and water. Get medical attention if symptoms occur.
Inhalation : If inhaled, remove to fresh air. If not breathing, give artificial respiration. Get medical attention if symptoms appear.
Ingestion : Do not induce vomiting. Never give anything by mouth to an unconscious person. Get medical attention if symptoms appear.

Notes to physician : No specific antidote. Medical staff must contact Poison Control Center.

Section 5. Fire fighting measures

Flammability of the product : Non-flammable.
Products of combustion : Not combustible. Thermal decomposition products are dependent on temperature conditions. These products are water, oxides of potassium and oxides of phosphorous.
Fire-fighting media and instructions : Use an extinguishing agent suitable for the surrounding fire.
Special protective equipment for fire-fighters : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
Special remarks on fire hazards : Non-combustible.
Special remarks on explosion hazards : Non-explosive under normal conditions.

Section 6. Accidental release measures

Personal precautions : Immediately contact emergency personnel. Keep unnecessary personnel away. Use suitable protective equipment.
Environmental precautions : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.
Methods for cleaning up : If emergency personnel are unavailable, vacuum or carefully scoop up spilled material and place in an appropriate container for disposal by incineration. Avoid creating dusty conditions and prevent wind dispersal.

Section 7. Handling and storage

Handling : Wash thoroughly after handling.
Storage : Keep container tightly closed. Keep container in a cool, well-ventilated area.

Section 8. Exposure controls, personal protection

**Engineering controls**: Use process enclosures, local exhaust ventilation or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fumes or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

**Personal protection**

**Eyes**: Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists or dusts. Recommended: Safety glasses.

**Respiratory**: Use a properly fitted, particulate filter respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator. Recommended: Disposable particulate mask.

**Hands**: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary. >8 hour/hours (breakthrough time): Disposable vinyl gloves.

**Skin/Body**: Not applicable.

**Personal protection in case of a large spill**: Safety glasses, goggles or face shield. Impervious gloves. Full suit. Boots. Wear MSHA/NIOSH-approved self-contained breathing apparatus or equivalent and full protective gear.

**Product name**

**United States**

Monopotassium Phosphate

**Exposure limits**

ACGIH TLV (United States).

TWA: 5 mg/m³ 8 hour/hours. Form: Dust

Consult local authorities for acceptable exposure limits.

Section 9. Physical and chemical properties

**Physical state**: Solid. (Crystal powder.)

**Color**: White.

**Odor**: Odorless.

**Molecular weight**: 136.09 g/mole

**Molecular formula**: KH₂PO₄

**pH**: 4.2 to 4.8 (Conc. (% w/w): 1) [Acidic.]

**Melting/freezing point**: 252.6°C (486.7°F)

**Bulk density**: 0.9 to 1.3 g/cm³

**Vapor pressure**: <0.01 kPa (<0.1 mm Hg) (at 20°C)

**Vapor density**: Non-volatile.

**Volatile**: Non-volatile.

**Odor threshold**: Odorless.

**Evaporation rate**: Non-volatile.

**VOC**: Not an organic solvent.

**Viscosity**: Non-viscous substance.

**LogKₗow**: The product is more soluble in water; log(octanol/water) <1.

**Ionicity (in water)**: Amphoteric.

**Solubility**: 25g/100 g of water at 25°C (77°F).
Section 10. Stability and reactivity

Stability and reactivity: The product is stable.
Conditions of instability: Temperature >175°C (347°F) - becomes metaphosphate.
Incompatibility with various substances: Reactive with acids and alkalis.
Hazardous decomposition products: Under fire - oxides of phosphorous, oxides of potassium.
Hazardous polymerization: Will not occur.

Section 11. Toxicological information

Toxicity data

</tbody>
</table>

Acute Effects

Eyes: No known significant effects or critical hazards.
Skin: Practically non-toxic in contact with skin.
Inhalation: No known significant effects or critical hazards.
Ingestion: Practically non-toxic if swallowed.
Potential chronic health effects: Carcinogenic effects: Not classified or listed by IARC, NTP, OSHA, EU and ACGIH. Mutagenic effects: Not applicable. Teratogenic Effects: Not applicable.

Special remarks on chronic effects on humans: Not classified or listed by IARC, NTP, OSHA, EU and ACGIH.

Section 12. Ecological information

Biodegradable/OECD: Not applicable, since inorganic substance. Substances, which have an unfavorable influence on the oxygen balance and can be measured using parameters such as BOD, COD, etc.
Mobility: Soluble in water.
Persistence degradability: Not applicable, since inorganic substance.
Other adverse effects: Substances, which contribute to eutrophication: Nitrates.

Section 13. Disposal considerations

Waste disposal: The generation of waste should be avoided or minimized wherever possible. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Consult your local or regional authorities.

Section 14. Transport information

Classification

DOT/IMDG/IATA: Not regulated.
