

The First Air Purifier Scientifically Proven to Reduce COVID-19 on Surfaces

The Aerus Hydroxyl Blaster with ActivePure Technology is the only air purifier scientifically proven to reduce the SARS-CoV-2 novel coronavirus on surfaces.

- ActivePure Technology was tested on live SARS-CoV-2 virus, not proxy or surrogate strains
- Demonstrated a 99.98% surface kill rate of SARS-CoV-2 virus within 7 hours
- Test completed in an independent FDA-compliant lab
- Made for indoor areas up to 20,000 sq. ft. – ballrooms, conference centers, restaurants, hotel lobbies, and large public spaces

The ActivePure Technology disinfection system is the safest, fastest and most powerful surface and air-purification technology available that minimizes recontamination and cross contamination in real time without the use of chemicals or ozone.

ActivePure Hydroxyl Blaster Unit Testing

Testing done at MRIGlobal, an independent, FDA-Compliant laboratory. % Reductions measured incrementally over natural degradation of SARS-CoV-2. Outside of control group – over 99.9% reduction of SARS-CoV-2.
