

New Season, New Supplements

As the seasons change, so too do the needs of our body. But whatever the season, immunity is top of mind right now, so make sure your supplements are giving you the support you need.

Total Balance - new immunity blend

Take a closer look at these new ingredients in Total Balance Premium and the science behind why they can help immunity.

We bet there's at least one you haven't heard of.

New from New Zealand

New Zealand is known for the quality of our animals. Xtend-Life is based in Canterbury – the heart of sheep country with some of the highest environmental standards in the world. What better reason to take a local resource and create two special new products.

A traditional superfood

Organ Ultra – a blend of five nutrient-dense organ meats for traditional health in a modern form.

The Best

"I've been using Total Balance Men's Premium for years, and I can immediately feel the difference if I stop taking it for a day. I fight off colds without getting sick, I have better mental clarity, and I just generally feel good from this product. I've tried other vitamins, and they are just placebos."

Foster K, United States of America

Best Supplement on the Market

"I have been using this product for years, and it just keeps getting better. I like the amino acid blend and enzymes, which help to digest food. The immune bend and eye health blend of herbs are great too. Having searched long and hard, I have found Total Balance Women's Premium to be the best."

Libby L, Australia
