

TOTAL BALANCE PREMIUM: THE ULTIMATE MEN'S SUPPLEMENT

Total Men's Health

As we get older, standard "multi-vitamins" are simply not enough to support male health.

That's why our customers have been relying on the potent blend of over 90 specialty nutrients in Total Balance Men's Premium for the last 20 years. It supports heart and brain health, immunity, digestion, maintains skin and appearance and, of course, delivers prostate support and a boost for testosterone levels.

Find out how Total Balance Men's Premium can help you (or your partner) fight the causes of aging and support optimum male health.

How Total Balance supports men's health

The Science of Digestion

Modern life can be hard on your stomach. Total Balance takes the guesswork out of digestion and keeps you at the top of your game.

Male Rejuvenator Happy User! I have taken Male Rejuvenator along with a number of Xtend-Life products for approximately 16 years. Male Rejuvenator, I believe, has helped with keeping testosterone levels at normal range and has aided my fitness training sessions for many years. Thank You, Warren and Xtend-Life Staff!
