

SEWERGO 150SE

ERGONOMIC SEWING OPERATOR CHAIR

PRODUCT SPECIFICATIONS

A BETTER SEWING CHAIR

The SewErgo2 is a very comfortable chair to sit and work in. When it was developed, our goal was to create an operator chair that had an extra attention to comfort, yet offered safety and stability as well. And the best part is, we made it affordable.

MADE IN CANADA, EH!

The SewErgo2 chair incorporates essential ergonomic features required by sewers, including height adjustment, full lumbar support, glides instead of wheels on the feet and oversized comfort cushions to relieve pressure points. Plus, it's made right here in Canada.
