

Ball-Fence Roller Gates

A rolling gate operating on a set of fixed nylon rollers incorporating a hand rail, knee rail and toe-board to comply with AS1657:2013. Manually operated with magnetic hold closed and available in two lengths. Model BFRG1500-PA for openings up to 1500mm and Model BFRG2500-PA for openings up to 2500mm. Compatible with most Ball-fence style hand rail Systems, it can be retro-fitted at any time. Ideal where there is no room for a swing gate.

Product Features:

- Use where a swing or boom gate can't operate
- Smooth roller operation with magnetic latch
- Non-marking nylon floor rollers
- Incorporates knee rail and toe board to AS1657:2013
- Manually operated in 2 standard lengths
- Can be retro-fitted to most ball type hand rails
