Assembly

Step 1 - Unpack the greenhouse, confirm that you have all the parts listed.

Step 2 - Build the frame as per Figure 1. Ensure the steel rods are fully inserted into the plastic connectors.

Step 3 - Unfold the PE Greenhouse cover (Part 07) and place over assembled frame. Be careful not to stretch or tear the cover.

Step 4 - Place the greenhouse over your Greenlife® 1200 x 900 x 300 garden bed or in a suitable location. You should choose a sheltered location, avoiding areas exposed to high winds and heavy rain. You may wish to secure the greenhouse in place with stakes or ties (not included).
