

FABIA

LED Tape Light

24V	104	>90	50,000
Voltage	Lumens/Unit	CRI	Life(hours)

Features

- Highly flexible
- 12" sections
- Constant current driver every 4" (first and last LEDs will have the same output)
- Flexi3M High bond adhesive backing
- LEDs are cool to the touch
- Long life: 50,000 hours
- 90 CRI for near perfect colour rendering
- Kit includes 10' of tape
- 1.3W/12" section
- 120°viewing angle
- Operating temperature: -30°C - 40°C (-10°F - 105°F)
- Dimmable when used with a dimming driver (not included)
- cULus listed
- For indoor use (dry location)

Electrical

- LED tape light is offered with Plug-in or hardwire 24V driver (Optional)
- Linkable up to 30 units (39.6W Max.)
- Constant current strip, voltage drop effect on brightness is not significant within 30 units connection.
- 3-Year Warranty

LINEAR TRACK

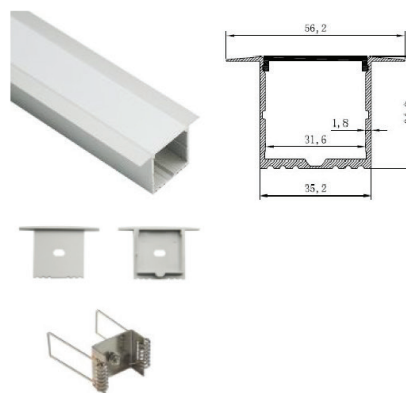

Narrow Channel

Closet Bar Channel

Wide Channel

Features

- Aluminum insert available in two different width sizes
- Increases the lifetime of Fabia LED strip
- Aluminum increases heat dissipation
- Designed to give uniform light
- Available in 4 foot sections
- Linkable track
- Narrow 4 foot section provides 416 lumens per section
- Wide 4 foot section provides 832 lumens per section
