Brabura 32 Enameled Cast Iron Griddle with Rolling Base

Choose your cooking surface.

HearthStone Outdoor
Brabura 22 Enameled Cast Iron Griddle

Enameled Cast Iron Griddle

Solid cast iron has exceptional heat retention properties that provide perfect distribution of heat. Just like premium cast iron cookware, the enameled surface is durable, non-stick, and easy to clean.

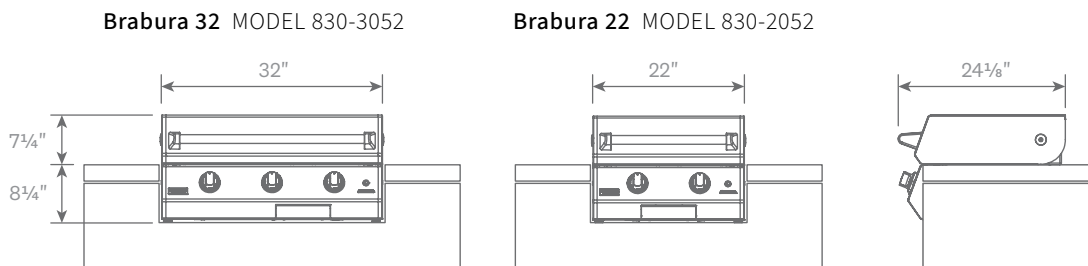

The enameled cast iron griddle is available on the Brabura 22 and the Brabura 32.

Models with the cast iron griddle include:

- Griddle for built-in or counter top installation
- Enameled cast iron cooking surface
- Premium hinged stainless steel cover
- Fabric weather cover

Dimensions

Installation

Your HearthStone Outdoor Griddle should be located 24" from any adjacent combustible surface. Use the HearthStone Outdoor Build-in Liner for installation into a combustible enclosure. Allow 24" from the sides and rear to combustible construction while in operation. Please check your local codes.

Built-in installations, minimum cutout dimensions

Take the party outside!

HearthStone Outdoor
Brabura 40 Stainless Steel Griddle

Stainless Steel Griddle

The griddle surface is made from 10mm 304 stainless steel. The thick steel holds more heat than thinner stainless steel griddles for professional performance.

The stainless steel griddle is available on the Brabura 22, the Brabura 32, and the Brabura 40.

Models with the stainless steel griddle include:

- Griddle for built-in or counter top installation
- 10mm stainless steel cooking surface
- Removable stainless steel cover
- Fabric weather cover
