

Dear Strangeworld customers and friends,

Monday 23rd March is the last day for browsing until further notice. We're here 10am - 9pm, collect your purchases or stock up for the lockdown. Gloves and hand sanitiser provided and encouraged.

Online remains open, with hundreds of titles being added and shipments continuing to arrive.

Although the store is shut, Richie will be there daily, processing orders, with pickup of orders through the locked gate. Our security gate and inner door allow for appropriate social distancing. All you need do is communicate a rough time and we'll confirm. Please call or email only. Not DM or Facebook.

Local delivery from Collingwood to Fitzroy, Fitzroy Nth, Carlton, Carlton Nth and all of Brunswick is free. Choose it only if you live in those suburbs listed.

We offer free shipping on orders of \$125 or more and regular website users know how well it works and that delivery instructions can be provided (and we strongly suggest using) in the "Customised Instructions" box. We've been **doing mailorder for over 30 years** - starting with comics in 1990 then records since 1993, so you know your order is in capable hands. Records will be handled and packed using gloves.

Gift vouchers – 15 denominations to choose from – are another superb way of continuing your support.

Every one of these shipping options is 100% Carbon Neutral. Greta Thunberg would be so proud.

Please support small business when you can and accept our gratitude 🙏 for everything you incredible people have done to make Strangeworld a great store among many excellent options in this city.

Hopefully our community and everyone can get through this and it's only short term. Wishing you and your loved ones all the very best during these trying times. Stay safe and healthy; extend support and warmth to an anxious friend or relative; check in on a neighbour or friend cooped up with the kids.

Stay safe and healthy so we can see you again in person as soon as possible. Our customers are incredible.

Richie, Paris, Dee and Jess.
