

# Microfiber Finish Pad

## MICROFIBER FINISH MOPS

## PRODUCT DATA SHEET

### TYPICAL APPLICATIONS: FINISH APPLICATORS

### DESCRIPTION

Microfiber Finish pads are smooth and streak-free at an economical price. Offer superior sewn construction and ultra-fine microfibers, giving a super-soft pad that ghosts over surfaces without streaking, but which is durable enough to withstand repeated launderings. Uses the hook and loop frame, and telescopic handle. Comes with a resealable storage bag.

### PRODUCT SPECS

### PACKAGING SPECS

O'Dell Item	Case Pack	Case Weight (lbs)	Case Dimensions	Case Cube
MAP185	12	3.80	19.75 x 7 x 5.38	0.43
MAP245	12	5.40	25.5 x 7 x 5.50	0.57

### DIRECTIONS FOR USE

Fully saturate the pad with your chosen floor finish. This may be accomplished using finish bucket MBMF6B or the Advantage + bucketless mopping system. Once saturated cut in the edges of your space, then using a leading-edge motion, walking backwards, apply a thin coat of finish blending in with the edges. Once entire space is complete allow to dry and repeat until desired finish is achieved.

### AVAILABLE BACKING STYLES

Hook and Loop
