

CLICK-N-GO MOP HANDLES

E commerce is becoming a larger part of everyone's business these days many times requiring the shipment of single units driving up the per unit freight expense.

It becomes especially expensive when shipping abnormally shaped packages that do not palletize or convey well.

In our case long goods such as handles are severely affected, often more than doubling the freight expense when compared to smaller packages.

To address this additional expense O'Dell has developed our **Click-N-Go friction clip handles**. These handles are produced from two pieces of powder coated steel and ship unassembled. Once they reach the end user they are easily assembled by simply lining up the spring clip pin and tapping the hang cap end on the floor until the pin clicks into place. This indicates that the friction fit is fully and permanently seated, it will not come apart. Each handle also comes with a user friendly comfort grip and swivel hang cap.

saves space in shipping

When it comes to e-commerce O'Dell makes it simple. Just Click-N-Go.

Product and Packaging Specifications

Item	CG8P	CG-9	CG14	CG-0160	CG600
Weight (lbs)	1.4	2.0	1.45	1.20	1.85
Each Dimensions	61.13 x 7.38 x 1.75	61.5 x 7.25 x 1.75	62.25 x 4.5 x 1.75	60 x 1.63 x 1.5	62.75 x 3 x 1.5
