

Patriot Series

LOOPED END MOPS

PRODUCT DATA SHEET

TYPICAL APPLICATIONS: GENERAL MAINTENANCE

DESCRIPTION

The Patriot Mop is the only mop in our industry made with recycled combat fatigue uniform clippings and is 100% American made. Combat fatigue uniform patterns are cut and sewn, creating clippings (excess material). These clippings are then recycled into fiber, re-spun into yarn, and finally sewn into a mop. The yarn is super strong, and performance is great. The Patriot series provides quality at a modest price, quicker water absorption than cotton, and the color helps camouflage soiling for longer use.

O'Dell donates a portion of the proceeds from the sale of each Patriot mop to military charities.

DIRECTIONS FOR USE

Remove mop from polybag and attach to either a jaws or quick change mop handle. Submerge mop into prepared cleaning solution to fully saturate. Wring mop to desired level of saturation and begin mopping using a figure eight motion. If mop becomes too dry or soiled before completing the area, dispose of old solution and replace with clean solution.

PRODUCT CARE

Thoroughly rinse. Avoid long term exposure to harsh chemicals and abrasive surfaces. After every use wash and ring out mop. Store mops by hanging in a warm, dry ventilated room.
