

# Bucketless Mopping System

THE ULTIMATE CLEANING SYSTEM FOR HEALTHCARE, HOSPITALITY, EDUCATION, AND INDUSTRY

## Advantage+ by O'Dell

Sick of sloshing around a mop bucket and wringing out heavy mops? The Advantage+ eliminates the need for all of this. It works in any application from in-house cleaning and maintaining classrooms to cleaning hospitals.

The powerful combination of O'Dell Microfiber Pads and the direct dispensing design saves time, chemical and water use, and labor cost. The direct application of uncontaminated cleaning solution reduces chemical use and virtually eliminates cross contamination and wastewater.

**Cuts cleaning time in half!**

### The Advantage+ edge by O'Dell

- Self-contained cleaning system
- Removable bottles for quick change
- Increased efficiency
- Substantial cost savings in chemicals
- Color Flag coding - HACCP compliant

# Advantage+ by O'Dell

Outperforms the competition at every level with more innovative features.

**Ergonomic 360 degree rotating handle cap** reduces user fatigue and provides smooth figure eight application.

**Ball point trigger** Works like a pen. Click-on/click-off reduces hand fatigue. No need to continually squeeze the trigger.

**Sliding handle hook** makes storage simple.

**Large, easy-to-fill, tethered cap** features an integrated hanger to store multiple bottles on maid's cart.

**32 Ounce capacity bottle** includes fill level graduations in ml and ounces.

**Secure ball-valve** guarantees a positive on and positive off flow control unlike competitors with unreliable pinch valves.

**Top and bottom caps** and removable bottle make cleaning easy.

**Chemical Identifier labels** are bilingual and provided with every unit.

**Viton seals** ensure confident operation with a variety of heavy duty chemicals.

**Handle end** constructed to accept pinch style, hook-and-loop, yoke style, and collapsing frame configurations to compliment any O'Dell program the distributor is stocking.

**Heavy duty frame** and 360° swivel
