

# Grandparents.com

03 - 06 / 2017

Damiva has a long-term strategic partnership with Grandparents.com that includes delivering regular giveaways, newsletter articles and a specially designed *menopause survey* to their 500,000+ membership. Because at Damiva, we want to know all about women 40+.

Our friends at Damiva ([www.damiva.com](http://www.damiva.com)) want to make sure that you're taking good care of yourself during your wonderful years. They are offering a special giveaway in honor of National Women's Health Week - a set of pure, hormone- and chemical-free 100% natural feminine moisturizers. Mae is a natural vaginal moisturizer suppository ([damiva.com/mae](http://damiva.com/mae)) and Cleo is an external labial skin moisturizer ([damiva.com/cleo](http://damiva.com/cleo)). Plus, a fabulous, hot pink tee shirt that says "Enough Beating Around the Bush" - it's perfect to show off your healthy style!

Happy National Women's Health Week from Damiva! Damiva products are available now at Target & Target.com, and at CVS.com (in stores May 19). For a \$5 off coupon at CVS.com, use code Save5Mae at checkout!

**1.5 million** Over 1.5 million impressions through the Grandparents.com giveaway, survey and newsletter to the **500,000** subscriber list
