

Zazzy Bandz Size Guide

Directions:

Cut out frames and hold up to your face. To get an accurate size. Do not bend cutout. Our headband fits best if the cut out fits from temple to temple.

Tip: Zazzy Bandz are based on most medium to large size glasses with a **face width** between 140-150 mm.

Refer to the store for more information about head size + face shape + hair type.

Thin Hair

The corners will protrude and the band will slide without the proper fit.

Narrow Face

The band will slide and feel very loose without the proper fit.
