Cousin Jennifer's Strawberry Brownies

Preheat the oven to 350 deg. F. Line an 8-inch square baking dish with parchment and spray the parchment.

Mix the following ingredients with a hand mixer:

- 1 box strawberry cake mix (Cousin Jennifer uses Duncan Hines; I used the one on sale.)
- 2 eggs
- 1/3 cup of vegetable oil

Next, pour the batter into the prepared baking dish. The batter is super thick, so I sprayed my spatula with cooking spray to spread it out.

Next, Bake at 350 deg. F. for about 20 – 22 minutes or so. Insert a toothpick and if no crumbs appear on withdrawal, it's done. Let it cool completely.

Cut into heart shapes if you are taking them to a wedding reception or simply cut them into squares. They are irresistible!

Cousin Jennifer tops hers with a powdered sugar glaze of 1 cup powdered sugar with 1 – 2 tablespoons of water mixed in.
