COCKTAILS

Although the origin of mixed drinks can be traced back to the 17th century, it wasn't clear where, who, and how the "original" cocktail was created.

The first-ever reference to cocktails appeared in a spoof editorial in the Farmer's Cabinet (Amherst, New Hampshire, April 28, 1803).

It talked of a "lounger" who, while nursing an 11 a.m. hangover, "Drank a glass of cocktail - excellent for the head..."

But it wasn't until 1806 when The Balance and Columbian Repository of Hudson, New York pinned the definition down to what we know of cocktails today: "A stimulating liquor composed of any kind of sugar, water, and bitters."

All Time Classics £9.50
