

DANGEROUS TOYS

Dangerous toys
Are being sold at Christmas time
Dangerous toys
are in department stores
They slipped right through
The statutory safety tests
This Christmas time
Don't buy a dangerous toy

They're mostly built
In massive Chinese factories
And their designs
Are iffy from the start
They leave a trail
Of post-traumatic injury
Don't ever give a child
A gift-wrapped dangerous toy

Dangerous toys
Have bits that can be choked upon
Dangerous toys
Can cause you injury
They pose a hazard
To the general populace
No-one is safe
From dangerous Christmas toys

You'll only leave
A trail of Christmas misery
Who wants to give
A gift that causes pain
Who wants to spend
Their Christmas Day in hospital?
Don't hurt the ones you love
By giving dangerous toys
