

IT'S CHRISTMAS TIME

The glitter of the fairy lights
The feeling that it's come too soon
The twinkle of a child's delight
It's Christmas time
It's Christmas
Memories of childhood dreams
Reminders of departed friends
The sniff of pine
The tinsel gleams
It's Christmas time
It's Christmas
Daddy watch me look what I got
Mummy's got a tear
The little ones are babes no more
Has it been a year
Oh is Christmas really here...
The stockings bulge, an early rise
The carrot and the port are gone
Eager hands, the wrapping flies
It's Christmas time
It's Christmas
We'll give thanks with a loud "Amen"
I'll eat too much and then some more
Grandads stories once again
Woah it's Christmas
Holding hands around the table
Blessings by the score
Generations come together
Like they've done before
Oh it's Christmas time once more
The wise men precious treasures bring
The shepherds worship God on earth
The Christ is born, the angels sing
It's Christmas time
It's Christmas
Hope is born and we will sing
Woah it's Christmas
This little Child
The King of Kings
Woah it's Christmas
It's Christmas
