

**THE HOLLY & THE IVY  
(FERAL PIG & CANE TOAD)**

The holly & the ivy  
If they come up in your yard  
Then go and get the Roundup  
And hit the mongrels hard  
The feral pig & cane toad  
Have a right to exist  
But they don't fit our ecology  
And make awful Christmas gifts  
The rabbit is a dreadful pest  
And introduced of course  
But it makes a bonzer Christmas dish  
With gravy and plum sauce  
The privet & lantana  
Are an absolute eyesore  
And whoever introduced them  
has a lot to answer for  
The banksia and bottlebrush  
Koala and emu  
They are honest Aussie Diggers  
They're the only ones true blue  
The holly & the ivy  
If they come up in your yard  
Then go and get the Roundup  
And hit the mongrels hard
