

Data Plate Info for Thermotec pipe is:

Thermotec T600 insulated pipe.

Conforms to full standard EN1856-1

T600- N1- W- V2- L50050- G50

Flue data explained:

European Norms rating: EN1856-1

Temperature rating class: T600

Condensate resistance: W (Wet)

Corrosion resistance Class: V2

Flue liner thickness: L50050

Soot resistance: G

Distance to combustibles: 50mm
