## 2023 Vermentino

Vermentino is a quintessential Mediterranean variety and is the dominant white grape of Sardinia and Corsica.

The maritime climate experienced at our Langhorne Creek vineyard is proving ideal for its production.

Our Vermentino was hand harvested before gently pressing to stainless steel. Some lees was left in the juice to add texture and the juice fermented at cool temperatures to help retain freshness.

The 2023 Vermentino is pale straw in colour with green edges and exhibits attractive aromas of fresh pear, orange blossom and lemon peel.

The citrus flavours flow onto the palate which shows lovely minerality that the variety is known for and a long zesty finish.

A perfect accompaniment for light seafood dishes such as calamari or fried white bait.
