The fortified city of Angkor Thom (Great Angkor or Great City) was built by Angkor's greatest king, Jayavarman VII (1181-1219). The ancient walled city of Angkor Thom contains the famous Bayon Temple with its 200 over enormous, mysterious smiling faces. Visit the Elephant Terrace with its large sculptured royal elephants and garudas. Terrace of the Leper King, the Phimeanakas and Baphoun. Continue to visit Ta Prohm – a temple in its 'natural state'. Surround by jungle, its labyrinth of stone highways is overgrown with the roots and limbs of the massive Banyan tree which envelope the stones like tentacles. In the afternoon, you will start your tour to the World Heritage – ANGKOR WAT. The largest temple in the world with a volume of stones equalizing that of the Cheops Pyramid in Egypt. The temple was built by King Suryavarman II from 1113 – 1150AD when the Khmer civilization was at the height of its development, represent one of humankind's most astonishing and enduring architectural achievements. Angkor Wat surrounded by a moat with an exterior wall with distinctively rendered Apsara carvings adorn the wall throughout the temple. The exterior walls of the lower level that display the most extraordinary bas-reliefs, depicting stories and characters from Hindu mythology and the historical wars of Suryavarman II.
