Explore Singapore Latest District, Marina Bay and the SuperTrees Garden in the city!

Marina Bay is the centrepiece of Singapore's urban transformation efforts, it has grown into a leading financial centre, a civic space, and a community playground for all. Its journey to become the symbol of 21st century Singapore is a story of long-term thinking, far-sighted planning and meticulous implementation.

Garden by the Bay

The outdoor gardens are themed around plants important to Singapore history and culture. Super trees tower over the rest of the gardens, built to mimic real-life trees using technology such as solar cells. The gardens house 2 cooled conservatories; the **Flower Dome** simulating a dry-climate area and the **Cloud Forest** for more tropical highlands plants and the tallest man-made waterfall.

Marina Bay Shopping Mall, The Shoppes

Situated opposite the iconic Marina Bay Sands hotel, is the largest luxury shopping malls, you will find a refreshing mix of international luxury brands and emerging labels in runway and street style. Go on a gastronomic adventure with the exciting lineup of dining options, ready to whet your appetite.

Bumboat Cruise

Board an authentic bum boat that were once used as a means of transporting goods and cargo back in the early days of Singapore history. Now, the bumboats are used for bringing passengers on the river cruise to enjoy the beautiful scenery of the waterfront.

Merlion Park

Half-fish and half-lion, the iconic Merlion resides at the waterfront Merlion Park. The body symbolises Singapore's humble beginnings as a fishing village. Its head represents Singapore's original name, Singapura, or 'lion city' in Malay.

One Fullerton, offers a different vantage view of the Marina Bay skyline.
