Its **wooden shelves on telescopic rails** facilitate access to the bottles.

With **door and temperature alarms**, offer the best protection to your wine bottles.

Thanks to its **both temperature zones**, you could bring simultaneously your bottles at room temperature or bring them to service temperature.

A **discreet handle** under the worktop to blend seamlessly into any kitchen.

A 2 cm **recess plinth** for perfect alignment.

A **removable plinth** to pass any perforated kitchen plinth. (Total of 7.5 cm)

A **plumbing passage** at the back so that no space is lost in the product recess.

Reversibility possible for door opening.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10°-38°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 4 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.

AVU51D82 Thanks to **door** and **temperature alarms**, offer the
2-compartment service wine cabinet for your collection of wine.
