+ Electronic regulation

+ Thermometer with digital display

+ LED lights

+ Humidity control: natural (hygrodynamy concept)

+ Digital display hygrometer

+ 1 reversible glass door, anti-UV treated glass with lock

MULTI TEMPERATURES
This multi-temperature cellar allows you to both age your wines and bring them to temperature. Set the minimum temperature at the bottom of the cabinet and the maximum temperature at the top. The difference between these two temperatures is automatically divided to offer you up to 6 different temperature zones. If you want your cellar to offer only one and the same temperature, you must select an identical minimum and maximum temperature.

WATCH OVER YOUR WINES
Equipped with a reversible glass door, with lock and anti-UV treatment, the VIP185 cellar effectively protects your wines from light and UV rays. Its interior LED lighting enhances your bottles and highlights your finest vintages. This secure wine cabinet also benefits from an additional level of security thanks to its temperature alarms and its extreme cold protection.

OPTIMIZED STORAGE
Store your wines on its solid oak shelves; ergonomic, they are specially designed to hold your 75 cl Bordeaux-type wine bottles; the presentation shelf allows you to display bottles in a semi-recumbent position.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.
This equipment is designed to be used in an ambient temperature between 10°C-43°C.
This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 3 shelves. Adding shelves reduce considerably the total capacity.
**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.

QUALITY · MADE IN EUROPE · GUARANTEE

> EQUIPMENTS INCLUDED

- 5 fixed wooden shelves (solid oak)
- 1 fixed wooden presentation shelf (solid oak), wooden front (solid oak), ref: CLAVIP02
- 2 adjustable feet
- 2 wheels
- 1 active charcoal filter
- Anti-vibration system

> TECHNICAL CHARACTERISTICS

- Energy class: G
- Annual electrical consumption: 175 kWh
- Climatic class: SN-T
- Noise level: 39 dB
- Voltage: 220-240 V
- Power input: 200 W
- Category: 2 - Wine cellar
- Type of gas: R600a
