Do You Have Custom-Imprinted Brochures?

Critical to your success as an Assisting Hands Affiliate is direct marketing of the Help+Alert™ device to new and existing clients. Custom brochures are an easy start to doing that.

Marketing Director Cate Foster has designed custom brochures for all Assisting Hands offices. [Contact her today](#) to get brochures imprinted with your office's contact information and unique affiliate link. Hand them out to clients and leave them with prospective families as part of your information package, all while receiving your 10% commission!

Order Your Sales Demo Today!

Has your office ordered its sales demo yet? SafeGuardian is offering an exclusive discount to all Assisting Hands offices that order a Help+Alert demo device.

Once you have your device, call general manager Sean Holohan at 800-378-2957 x720 to schedule an instructional demo of all of the exclusive features and benefits of the Help+Alert™ and how it can help your office and its clients.

Feature Highlight: Built-in GPS Locator

All Help+Alert™ devices come standard with a built-in, real-time GPS

locator. Every text alert sent out to contacts, whether it be the press of the SOS button or a FallAlert™ detection, is embedded with real-time GPS coordinates, as well as a link to Google Maps.

This crucial feature can often be the difference between life and death. Should a patient be rendered unable to communicate after a fall, loved ones or paramedics can travel to the exact location of the fall.
