Molecular Weight: Not available Evaporation Rate: N/A			

Flammability: Not flammable

pH (100g/l): 6.0–9.0 (4% H2O)

Boiling Point: N/A Melting Point: N/A Particle Size: N/A Upper/Lower Explosive Limit: N/A Solubility: Not soluble in water Specific Gravity: N/A Section 10: Stability and Reactivity

Reactivity: Product is stable Chemical Stability: Product is stable Possibility of Hazardous Reactions: Not available

Conditions to Avoid: Not available

Incompatible Materials: Not available

Hazardous Decomposition Products: Not available

#### Section 11: Toxilogical Information

Acute Toxicity: No information available

Chronic Toxicity: No data available Likely Route of Exposure: Inhalation, eye contact, skin contact, ingestion

Target Organs: Respiratory system, eyes

Systemic Toxicity: The substance is not classified as specific target organ toxicant upon single or repeated exposure.

Aspiration Hazard: Regarding the available data the classification criteria are not fulfilled.

**Carcinogenity: IARC:** No components of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by IARC

**ACGIH:** No components of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by ACGIH

**OSHA:** No components of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA

Teratogenicity: Not available Embryotoxicity: Not available

Genotoxicity: Not available Reproductive Toxicity: Not available

Respiratory/Skin Sensitization: Not available

Section 12: Ecological Information

Ecotoxicity: Not available Persistence and Degradability: Not available Bioaccumulative Potential: Not available Mobility in Soil: Not available PBT and vPvB Assessment: Not available Other Adverse Effects: Not available

## Section 13: Ecological Information

## US EPA Waste Number: Not regulated

**Disposal of Waste Method:** This product, if disposed of as received, is a non-hazardous waste. Local disposal laws and regulations will determine the proper waste disposal/reclamation procedure. Disposal requirements are dependent on the hazard classification and will vary by location and the type of disposal selected.

## Section 14: Transport Information

U.S. DOT classification: None Canadian TDG classification: None UN number/proper name: None Transport hazard class: None Packing group number: None Environmental hazards per IMDG: None Bulk transport guidance per MARPOL 73/78 and IBC: None Special precautions for employees: None

## Section 15: Regulatory Information

**United States:** This product or its ingredients are listed on or compliant with the TSCA inventory and the FDA cosmetic color additives guidelines.

**Europe:** This product or its ingredients are listed on or compliant with EINECS.

SARA 302/304 Hazard Categories: Not Listed

**CAA 602 Ozone Depleting Resources:** This product neither contains nor is manufactured with an ozone depleting substance subject to the labeling requirements of the Clean Air Act Amendments 1990 and 40 CFR Part 82.

VOC Content: None

WHMIS Classification: Not regulated

**Compliance:** This document has been prepared in accordance with the SDS requirements of the OSHA Hazard Communication Standard 29 CFR 1910.1200

**Disclaimer:** This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any other process. Such information is to be the best of the company's knowledge and believed accurate and reliable as of the date indicated. However, no representation, warranty or guarantee of any kind, express or implied, is made as to its accuracy, reliability or completeness and we assume no responsibility for any loss, damage or expense, direct or consequential, arising out of use. It is the user's responsibility to satisfy himself as to the suitableness & completeness of such information for his own particular use.
