HydroForce

Bio-Blast WSP

Biological Pond Treatment

HydroForce Bio-Blast WSP is a multi-purpose product specifically designed for treatment of waste water, ponds, lakes and irrigation dam applications.

HydroForce Bio-Blast WSP is a unique microbially based blend, containing 5 billion bacteria for the degradation of organic debris, odours, and sediment in ponds, lakes and open water bodies.

HydroForce Bio-Blast improves clarity and odour in water bodies and ties up nutrients within water to assist in the prevention of algal growth.

Typical Extracts

Bacterial Count: 5 billion CFU/gm

NET CONTENTS

12 Water Soluble Packets per carton

Individual Water Soluble

Packet Weight = 115.8g

Total Content Weight: 1.389kg (12 x 115.8g)

Bio-Blast WSP

Biological Pond Treatment

DIRECTIONS FOR USE

- Keep container closed when not in use.
- Do not under treat water; overtreating is safe and will yield optimal results.
- To calculate total litres to be treated: Length x Width x Depth x 1000 = Total Litres

SITUATION	APPLICATION INTERVAL	TREATMENT RATE	COMMENTS
Waste water, ponds, lakes and irrigation dams to improve water clarity, organic debris, reduce potential for algal blooms via nutrient reduction.	Initial Applications: Every 7-14 days Maintenance Applications: Monthly	Use 1 water soluble packet per 450,000L of water OR Use 10 water soluble packets per 1 hectare (10,000m ²) of water body surface area	Deploy water soluble packets evenly throughout the surface of water area (near aeration when possible). Apply directly into water when temperatures are above 10°C. The pouch is water-soluble so no scooping or measuring is required.

COMPATABILITY

Product may be compatible with herbicides and pesticides. Please check with the manufacturer. Please be aware that physical compatibility does not guarantee product efficacy.

STORAGE AND DISPOSAL

Keep container tightly closed. Store in original container only. Keep away from open flame or intense heat. Keep in a secure storage area. Do not add water to the contents of this container.

PRECAUTIONARY INFORMATION:

Avoid contact with eyes and skin. Wear chemical resistant goggles and gloves. In case of contact flush eyes/skin with large amounts of water. If irritation persists, seek prompt medical attention. May be harmful if swallowed. Do not ingest. In case of ingestions Rinse mouth then drink plenty of water and seek medical attention. Refer to Safety Data Sheet for further information.
