X-XTRA IRON

GUARANTEED ANALYSIS:

Total Nitrogen (N)	6%
6% Urea Nitrogen	
Sulfur (S)	4%
4% Combined Sulfur (S)	
Iron (Fe)	9%
9% Chelated Iron (Fe)	
Derived From: Low Biuret Urea, Ferrous Sulfate. Chelating Agent: Citric Acid.	
Weight per Liter	1.34 Kg
Freezing temperature	0° C
pH	2

STORAGE & HANDLING:

Storage: Undiluted X-Xtra Iron should be stored in its original container. Store in cool place with cap tightly closed. Do not reuse empty container. Rinse container thoroughly before discarding. Avoid contact with unfinished wood, painted surfaces, masonry or concrete surfaces as this product may cause staining.

Mixing: Add approximately half of the water to tank mix, leaving enough room to add other products. Add X-Xtra Iron and agitate tank mix. Do not agitate when adding herbicides. This will cause foaming. Agitate after the herbicide has been added. Be sure to add other products in the following order: 1. urea and other N-P-K fertilizers, 2. pesticides and fungicides, 3. herbicides. Agitate between each addition. Use all of the tank mix within a few hours after mixing. Do not leave overnight. Be sure to agitate before spraying.

CAUTION: This material is acidic. Keep out of reach of children. In case of contact with eyes, flush with copious amounts of water. Contact a physician. Do not take internally.

Condition of Sale and Warranty: Growth Products, Ltd warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label only when used in accordance with label directions under normal conditions of use. Handling, storage and use of the product by Buyer or User are beyond the control of Growth Products and Seller. Risks such as crop injury or other unintended consequences resulting from, but not limited to, weather or soil conditions, presence of other materials, disease, pests, drift to other crops or property, or failure to follow label directions will be assumed by Buyer or User. IN NO CASE WILL GROWTH PRODUCTS, LTD OR SELLER BE HELD LIABLE FOR CONSEQUENTIAL, SPECIAL, OR INDIRECT DAMAGES RESULTING FROM THE HANDLING, STORAGE OR USE OF THIS PRODUCT

Turf Application		
Spray at a rate of 4-19 liters of water per 100m ²		
Application	Rate	Frequency
Bentgrass Tees & Greens	64 milliliters	Every 14 days
Fairways	127 milliliters	Apply every 30 days
