Education

My artwork piece represents an Individual's journey through their Education. The process of learning and the benefit of new experiences are vitally important in evolving us into our own unique and amazing individual. Everybody's journey is different and that is what makes education so special.

Healing Pathways

Four important regions are represented – saltwater (food & hunting), rainforest (protection and fresh water), coastal (healing properties of the sun and salt air for our airways) and inland (herbal medicines and journey lines) and the benefits each region provides to our health. The centre represents optimal health through connections (storytelling) with our mob.

Diversity

This painting represents the diversity of the land from the desert to the coast, the water ways, fauna and flora that flourish and the land that always was and always will be occupied by the Indigenous people of Australia.

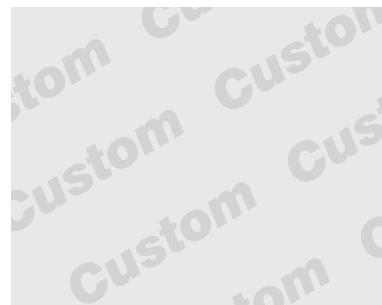

Coastal

This piece shows the beauty and importance of the coastal area to our people. The centre represents the communities that reside on the coastline and the connection they have to both the land and water in these areas. Each component being as important as the other and both working in conjunction with each other to achieve balance for these communities. Our People, Our Home, Our Story.

Which Way, Our Way

This artwork depicts the journey we as Indigenous people take through our life. Which Way is a term our mob use to ask each other how we are. The meeting places represent the different mobs we encounter during our life that help us, inspire us or just care enough to ask us how we are. The lines and dots show Our Way, the guidance and support we received from family, friends, teachers, work colleagues and mentors that helped us connect, identify with who we are and achieve success, Our Way.

MEET THE ARTIST

I am a proud Olkolo/Kutjala woman passionate about sharing my Indigenous culture through my artwork. I have always been creative, loving colour and having a natural artistic flair, but I only found my true outlet through my Indigenous art.

I use a wide range of modern colours in the diversity of my artworks and hope to inspire JOY and connection to country and family.

FAQ's

What sizing is available?

We offer unisex sizing and can arrange for a sample pack to be sent out to be kept at the office/uniform shop for kids to try on.

What material are the Polos made from?

100% Polyester, 165gsm micromesh. This enables the easy care, wash n wear properties that every parent appreciates.

How long does the ordering process take?

Generally, once the artwork has been signed off on and sizing provided, the timeframe is 6 – 7 weeks for delivery.

Do you offer online ordering?

To relieve the headache at your end, we can provide you with a secure online ordering portal for your parents/staff to purchase directly from us via a private link. The parents would then PRE-ORDER the Polo online over an agreed timeframe (eg: 3 – 4 week period) and they pay online directly to us. Once the pre-orders close, it would then take approximately 6 weeks for production and then we pick and dispatch and send out the relevant orders to the one location for distribution to individuals.

NB: Minimum order quantities apply
