2021 Autumn/Winter Collection
65th Anniversary Zippo Slim® Collectible

Zippo launched a major innovation in 1956. Known as a Zippo Slim lighter, it offered the same windproof performance as the classic lighter shape, but with a narrower silhouette. Zippo celebrates the 65th anniversary of the Slim lighter with a special collectible. Featuring laser engraving and laser fancy fill on a Black Ice finish, the angular pop-art design was inspired by the original packaging that Slim lighters came in.

Each lighter is consecutively numbered and has an exclusive bottom stamp which designates the lighter as a Zippo collectible piece.
2021 Autumn/Winter Collection

Zippo Guarantee

Any Zippo pocket lighter, when returned to our factory, will be put in first class mechanical condition free of charge, for we have yet to charge a cent for the repair of a Zippo pocket lighter, regardless of age or condition. The finish, however, is not guaranteed. This guarantee gives you specific legal rights and you may also have other rights which vary from state to state. Other Zippo products carry their own specific warranties.

Consumer Disclaimer: Terms and pricing are limited to authorized Zippo sales distributors and wholesalers only. Unless specified as retail pricing, this information is not intended for consumer use. Because we are constantly improving our products, some items may not look exactly as depicted. Prices and specifications subject to change without notice.

Black Light Designs

Introducing a new way for your Zippo lighter to illuminate the dark – black light designs! One of the decoration methods most frequently requested by consumers is now available, debuting with these three psychedelic designs.

The new black light designs are accomplished using a specially formulated ink, which is carefully applied to select areas of the Color Image art, so that when the design is exposed to ultraviolet light (also referred to as UV or black lights), a bluish glow appears over the selected area.

Steven Spazuk

Steven Spazuk’s fire art has enchanted audiences around the world. Now, his haunting imagery wraps around a matte lighter via Zippo’s 540 Color process, a new frontier for Spazuk’s creations that rise from the fire that dances across his canvas.

Claudio Mazzi

Zippo is honored to celebrate 25 years of partnership with Claudio Mazzi, master of the airbrushed painting technique. Now, Zippo is able to replicate Mazzi’s intricate artwork – from his vivid pigment choices to the lifelike shading and dimensionality that are indicative of his style – in state-of-the-art 540 Color, allowing Mazzi’s imaginative creations to fully envelop the lighter. This design features an homage to the first lighter design Zippo licensed from Mazzi. An extensive marketing campaign will support the debut of this lighter and another online exclusive Mazzi hand-airbrushed collectible.

Imprint Methods
Methods available to customize Zippo product.

Signature Custom Imprint Methods

Auto Engrave
The crisp, clean jewelry look of auto engraving has become one of the most popular methods of customization. Skilled operators use either rotary engraving or diamond cut method to inscribe an image into the product using creative fill patterns. A dimensional effect can be achieved by using directional fill patterns. Also known as Rotary Engraving or Computer Engraving.

Laser Engrave
This state-of-the-art process allows Zippo tremendous flexibility when reproducing your artwork on our products. Our laser engravers are computer programmed to generate an accurate replication of your imprint. Also known as Laser Mark.

Color Image
State-of-the-art printing method allows Zippo to imprint multiple spot colors or full-color photographic representations. Spot colors can be matched to FMS colors and used for one, two, or three-color simple logos. Previously known as surface imprint.

Zippo will accept vector artwork files (Adobe Illustrator) in these formats: ai, eps, pdf (provided entire contents of file are vector). Zippo can also imprint artwork in full color or a photographic representation. Previously known as 4-color process

1. Zippo will accept raster artwork files (Adobe Photoshop) no less than 15” wide by 2.25” high with a resolution of 300 DPI (dots per inch). Acceptable formats include psd, tif, eps, jpg (provided the resolution is high enough). Any file requiring background isolation must have paths or a layered file with transparent background included.

Premium Custom Imprint Methods
All models below require special handling due to the unique processes and methods on each piece. Several model styles below require minimum quantities, tooling charges, special lead times, as well as specific art files. Contact your Zippo Sales Representative for more information.

Lustre
Zippo’s signature lustre etch method produces an attractive, durable imprint. The artwork is etched into this surface and plated for a permanent mark. A beautiful contrasting effect is created.

Double Lustre
The design is double etched into the lighter. This layered process displays a multi-dimensional effect. A portion of the design will beomer for impact.

Fusion
A combination of specific pre-determined color graphics and chrome breaks create an iridescent, metallic look.

• Restricted to models 250, 167, 295, 20445, 24760
• Art constraints apply

Photo Image
The creation or manipulation of photographic images by electronic or digital means. The image is then laser engraved onto many different finish options with a high resolution photo required to be reviewed by the Design Center. Model restrictions apply

• Special art requirements/high resolution photo required to be reviewed by the Design Center

Stamping
Image is debossed into the case, creating a 3D design.

Emblem
Image is die struck onto various metal substrates such as brass, aluminum, and pewter.

Diristed
When rendering artwork, artists use a unique filter to give the art a pocket worn effect.

Art Styles

Chromed Out
When rendering art, an area of design is open up displaying the base finish. No additional charge for this method.

Laser 360°
Precision layers engrave 360° seamlessly around any High Polish lighter case.

• Available on High Polish models only
• Some art restrictions may apply
• Design Center in-house visits only
• Currently only offered on Black Matte

Luxury Custom Imprint Methods
All luxury custom orders need to be routed through the Zippo Design Center.

Brite Cut
Limited to Armor® cases only, brite cut engraving produces dazzling high and low facets, resulting in the dimensional look of a beautiful emblem directly on the surface of the lighter.

Deep Carve
Graphic is rendered in state of the art 3D software. A powerful milling machine accurately engraves deep contours cuts into an Armor® case using many tooling, special finishing and plating.

• Armor® case only

MultiCut
Powerful milling machines engrave deep contoured cuts 360° around the Armor® case leaving a high-end jewelry look. Special processing and finishing apply.

• Armor® case only
• Art restrictions apply
• Design Center in-house visits only

Precious Metals
Special handling is needed when engraving precious metals.

• Starting Silver and Solid Gold
• Limited customization options available

Stone Attachment
Zippo designers and engineers continue to develop special inlayed materials and stones to delight Zippo customers.

• Some restrictions apply

Epoxy Inlay
Clear, marbled or solid epoxies can be inlaid into deep canyons by highly skilled artisans.

• Lid line and size restrictions apply

Customer must sign an agreement stating they own or have rights to all custom artwork, and will indemnify Zippo for any infringement claim.
From our first finish, Brushed Chrome, to our newest innovations – Flat colors and Glow-in-the-Dark – Zippo offers a kaleidoscope of colors and finish options for our windproof lighter cases.

Beautiful just as they are, each base model is also the starting point for infinite design possibilities. Whether you offer one of our consumer-tested stock designs, or work with Zippo’s expert Design Center to craft custom offerings to round out your displays, the base model’s color or finish is what catches a customer’s eye from across the store.

So, no matter what they prefer: something classic or futuristic, vibrant or dark, shiny, flat, matte, or metallic... we have the bases covered.

Turn the page to view the newest additions to our vast palette, and then contact your Zippo Sales Representative to help curate the right selections for your customers and attract new clientele.

Flat Colors

Sheen can be just as important as a color’s hue. That’s why Zippo has launched three new slim flat base models in sand, turquoise, and grey. With just a hint of glossy depth, they’re a fresh take on some fresh colors.
