

Sticky Case

All Phonebibi sticky case require regular inspection and maintenance for reliable results. Even a small amount of fibers, dirt or lint can interfere with the ability to stick. Follow these steps to confidently enjoy sticking with your case.

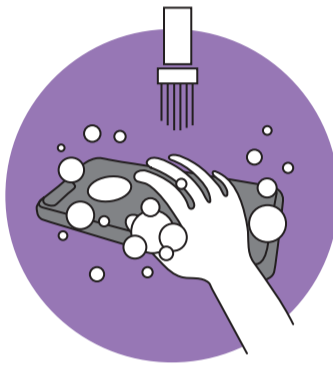

INSPECTION AND CLEANING

Make sure your Phonebibi sticky case is clean.

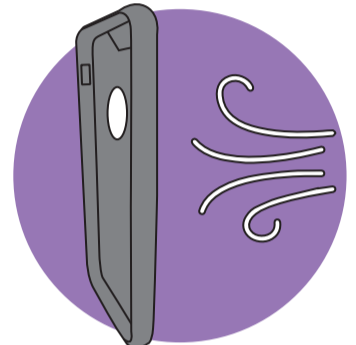

1 REMOVE YOUR PHONE FROM YOUR PHONEBIBI STICKY CASE.

2 RINSE THE CASE WITH WARM WATER AND SOAP AND RUB OFF THE DIRT GENTLY WITH YOUR HANDS. Recommend to wash it every 2 weeks or when it accumulates dust, dirt, or lint.

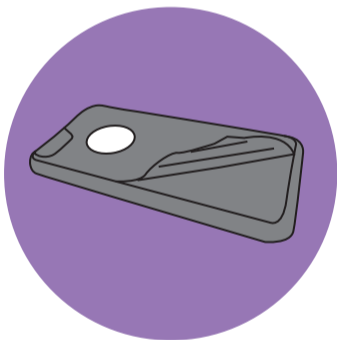

3 AIR DRY IT IN A VENTILATED ENVIRONMENT.

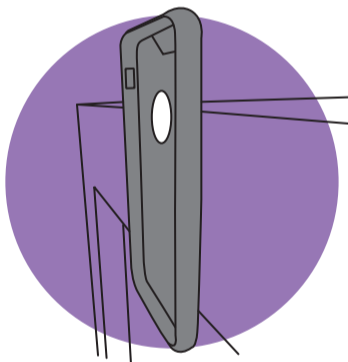

HOW TO USE

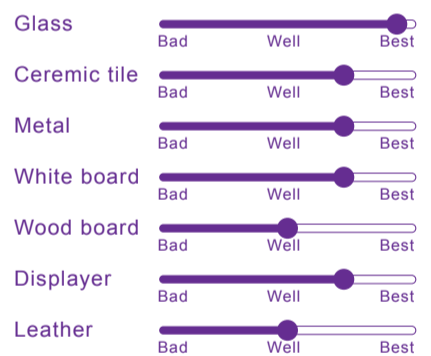

1 REMOVE THE PROTECTIVE FILM.

2 STICK TO A DRY, SMOOTH, AND FLAT SURFACE.

3 ADSORPTION CAPACITY TEST.

DO NOT

1 DO NOT USE SCRUB OR HARSH OBJECTS TO WASH THE CASE.

2 DO NOT PAT THE CASE WITH TISSUE PAPER.

3 DO NOT LAY IT AGAINST SHARP OR POINTED SURFACE.

To prevent damage and ensure continued enjoyment of your Phonebibi product, please review the installation video and check the user manual before using the product. Failure to observe these precautions could result in damage to the product. Phonebibi will not be held liable for any damages resulting from the use of this product.
