

PERFORMANCE FORMS™

GEL SCULPTING FORMS

WHAT THEY ARE

High-performance, customizable sculpting forms that provide a foundation to create length and shape for gel enhancements.

WHAT THEY DO

Allow light energy to penetrate through the form, ensuring thorough cure.

WHY YOU NEED THEM

For natural-looking gel enhancements with a deep C-curve and no seepage.

FEATURED INGREDIENTS & BENEFITS

Special Clear Plastic:

Holds a C-curve during sculpting; stands up under heavy pressure. Allows light energy to penetrate for complete cure.

Unique Design:

Can be customized to fit all nail shapes.

Front and Rear Tabs:

Lock form securely in place.

DIRECTIONS FOR USE

- Pre-fold vertical perforations to help shape form and tear off one outer tab.
- Place form under extension edge of nail and angle it to create the desired arch.
- Secure form along the side and top of finger, and pinch rear V-notch together if necessary.
- Create a cylinder with front of form and secure remaining outer tab opposite non-sticky side, locking in a C-curve.
- Visit cnd.com for complete Step-by-Step instructions.
