

# AMARA<sup>TM</sup> ST

The Amara ST is a **BIG**, versatile machine for **SMALL** spaces. Free-motion quilting has never been easier, and your stitches will be **PERFECT** with built-in InSight<sup>TM</sup> Stitch Regulation technology. The programmable Lift Table makes quilting more accessible, whether standing or sitting.

Magnetic tool minder collar

Pinpoint needle laser

Easy-Set Tension<sup>TM</sup>

QuiltMaster<sup>TM</sup> LED lighting: throat, needle, and bobbin

Easily upgradeable to a frame mounted machine

## A fully featured stationary longarm in a compact package.

The Amara ST has the features quilters value most including a spacious and brightly lit 20-inch throat space (more than 4 times more than a regular sewing machine) that makes finishing large quilts a breeze. With up to 2,500 stitches per minute, the Amara ST is up to the most advanced quilting techniques. This flexible and fully-featured machine is perfect for those who are just making the leap into longarm quilting but advanced enough for professional art quilters.
