

Finished Buttons

Specialty Buttons

We offer a wide variety of custom services to provide you with creative and versatile solutions to your button needs.

Designer Buttons

Call us about uniquely shaped buttons to give distinctive and dramatic looks.

Specialty coverings such as VELCRO® brand hooks and loops are also available.

Custom Button Covering

We custom cover buttons using your fabric. We offer fabric pick-up in our local delivery area.

We have the following styles:

Snap

Hook

Prong

Threaded Nail

Pivot

Wire Eye

We have the following standard sizes:

Sizes: #22, #30, #36, #45, plus designer buttons.

Button Parts

Snap Button

The nylon back is designed to snap onto a durable screw stud or durable deep stud.

Nylon Hook

The nylon hook is used with a pre-tied loop or clip with a pre-tied loop for fast secure tufting, assuring uniformity of depth. Loop anchors quickly into double backing hook.

Button Wire Eye

The wire eye #9 is a standard heavy eye and is used with twine for a tufting effect.

Joined Pivot

Used on pillows or cushions where buttons are desired on both sides. Supplied in pairs; female assembled with a retaining pivot spring, steel lock washer; male with pivot tack.

Prong Button Tufting

Prong button tufting is fast, economical and strong. Prong buttons are anchored by bending the flat wire legs over a prong washer in back of the padding.

Shells

Shells are provided in different tempers. Standard shell tempers are "regular" and "soft." Shells that are fed through a hopper are "Auto Flow." Shells that are used for extra protection from rust are "Dark Chromate."

Threaded Nail

When anchored with a spring lock washer, this is an alternative method to prong tufting. Nail is inserted through the upholstered construction and fastened on the back with a #15 springwasher.

Fastuft Clip

A pre-tied loop with a clip attached.

Pre-Tied Loops

Used for tufting with nylon hooks or a hook and washer. Available in 1" to 8" sizes.

Washers

Prong Washers

Plastic washer anchors prong button on blind side.

#15 Spring Washer

1-3/8" diameter

Washer

Plastic washer anchors pre-tied loop on blind side.
