

Job Description

Do you want to make an impact on a rapidly growing e-commerce business? Do you believe a cohesive, efficient website can have a positive impact on customers? Are you motivated and ready to capitalize on opportunity? Do you ask insightful questions? If you answered yes to these questions, you are in the right place. We are always learning, and always improving. Our culture is high energy, entrepreneurial, and results oriented!

We are looking for a qualified front-end developer to join our team. You will be responsible for maintaining the site and building more capabilities and functionalities. You should be able to translate our customer and company needs into functional and appealing interactive website. If you're interested in creating a user-friendly environment by writing code and moving forward in your career, then this job is for you. We expect you to be a tech-savvy professional, who is curious about new digital technologies/applications and aspires to combine usability with visual design.

Responsibilities

- Use markup languages like HTML to create user-friendly web pages
- Maintain and improve website
- Optimize applications for maximum speed
- Design mobile-based features
- Collaborate with back-end developers and web designers to improve usability
- Get feedback from, and build solutions for, users and customers
- Write functional requirement documents and guides
- Create quality mockups and prototypes
- Help back-end developers with coding and troubleshooting
- Ensure high quality graphic standards and brand consistency
- Stay up-to-date on emerging technologies

Requirements

- 3+ years as a Front-end developer
- Familiarity with Shopify and Liquid
- Hands on experience with markup languages
- Experience with JavaScript, CSS and jQuery
- Familiarity with browser testing and debugging
- In-depth understanding of the entire web development process (design, development and deployment)
- Understanding of layout aesthetics
- Knowledge of SEO principles

- Familiarity with software like Adobe Suite, Photoshop and content management systems
- An ability to perform well in a fast-paced environment
- Excellent analytical and multitasking skills
- Portfolio or samples of past work and projects
- Willingness to troubleshoot and solve complex problems
- Strong communication skills to effectively collaborate with designers, developers, and other relevant staff members
- BSc degree in Computer Science or relevant field

We are the fastest growing boutique in the country and would love to bring in a motivated individual who is ready to make an impact and have fun!!

If this sounds like the perfect role for you, please submit a resume and cover letter to apply for this position. Please e-mail careers@chicsoul.com.

We are an equal opportunity employer.

Job Type: Full Time
