1. Print this page and cut out the ring sizer shown above. Carefully fold vertically and cut a slit exactly on the line next to the arrow.
2. Wrap the ring sizer around your finger, then slip the pointed end through the slit with the numbers facing out.
3. Gently tighten the ring sizer by pulling the pointed end toward your finger. The fit should be snug but not too tight.
4. Read the number pointed to by the arrow next to "Read Size Here."

If you have an existing ring available, it is easy to align the ring with one of the circles above. Simply place the existing ring with the inside edge of the ring fitting against the matching circle.

To measure your finger using the reference chart below:

1. Wrap a string around your finger.
2. Find the length of string that wraps around your finger exactly one time.
3. Measure that length of string against the closest circumference below.

Size	Circumference		Diameter	
	inches	millimeters	inches	millimeters
0	1.44	36.5	0.46	11.6
