Premium Hand Hygiene

"Germ Control at your Hands"

Our unique infrared touchless dispensing system eliminates cross infection and provides complete hand sanitation.

Germstar's all natural, proprietary formula with just 5 ingredients or less kills 99.99% of all germs (transient bacteria, viruses, and fungi) while keeping hands soft after repeated use. Germstar solutions are available with our touchless dispensers as well as a variety of bottle products, offering peace of mind for all ages, across all industries.

Keeping your family

Germfree

About Germstar

Germstar® was established in 2008 to address the ever increasing demand for safe sanitization solutions and to improve human health through infection control.

With the growing threat from foreign viruses and germs, Germstar® solution protects and prevents... In recent years we have seen the ever increasing rise of outbreaks of Norovirus and E Coli. Germstar® provides protection for everyone in the fight to kill germs transmitted via the hands, which accounts for 80% of transmission. Germstar kills 99.99% of all transient bacteria, viruses and fungi on contact. Germstar® beginnings were from Binderbauer Pharmaceuticals; a company formed in the late nineties to develop, manufacture and market an innovative touchless sanitation system and ancillary products based on technology developed and patented by the Company's founders, Mr. Horst Binderbauer and Dr. Michl Binderbauer.

Germs are unavoidable; they are present on all surfaces we touch, which is why Germstar® is dedicated to all industries:

- Household
- Hospitality
- Entertainment
- Healthcare
- Wellness
- Beauty
- Schools
- Industry

Please don't hesitate to contact us to find out more about how Germstar® can help protect you.

“Germstar is dedicated to prevent the spread of germs through natural sanitation solutions and protect human health through infection control worldwide”

...protect, prevent, be well

Did You Know?

It takes less than 20 seconds to eliminate germs, but it can take up to 2 weeks to get rid of them once infected.

Germs have been around for 3.5 billion years...don't fight them alone.

30 seconds of using hand sanitizer kills as much bacteria as 2 full minutes of hand washing.

Germstar Solutions

All natural formulas with 5 ingredients or less, no fillers, artificial ingredients or colors, leaving hands 99.99% germfree!!!

All Solutions Are Economical – up to 1400 washes per 946ml refill

Germstar® Original is a hospital strength formula with 70% Isopropanol as its key ingredient, natural emollients, and a pure mint fragrance, not only leaves hands soft but most of all 99.99% germfree.

- Full hand hygiene compliance and effectiveness for Hospitals, Clinical and Surgical environments
- FDA registered
- Natural emollients designed to not interfere with effectiveness of alcohol germ killing phase, allowing Germstar® Original sanitizer to leave skin 99.99% germfree, soft and moisturized

Germstar® Citrus is a favorite among all with the same efficacy of our Noro solution but with a very pleasant citrus aroma. Formulated with 63% Ethanol.

- Perfect for Domestic + Travel use
- 63% ethanol alcohol solution offers the broadest killing spectrum of all of our solutions.
- FDA registered
- Safe for all ages
- Great for food and drink handling environments due to the low odor feature
- All Germstar® sanitizers kill 99.99% of all known bacteria, viruses, and fungi

Germstar® Noro has been formulated and engineered to kill Noro virus within 20 seconds upon contact, leaving hands sanitized and moisturized with a light Spearmint fragrance.

- Originally designed for cruise line industry to protect ship passengers from highly contagious Noro virus
- 63% ethanol alcohol solution offers the broadest killing spectrum of all of our solutions.
- Maximum effectiveness on Noro virus
- FDA registered
- Lab results prove its ability to kill Noro virus within 20 seconds of contact time

Our Germstar® Extra Mild Soap works amazingly to clean soiled hands in conjunction with our touchless dispenser system.

- Perfect restroom and bathroom soap dispenser solution
- Safe for all children of Nursery age upwards
- Leaves hands clean and with a subtle yet pleasant fragrance

For more information, email us at: contact@germstar.com

Germstar® D-Limonene Degreaser was designed to remove oil and greasy substances while leaving hands soft between tasks. This grease formula is aggressive on grease yet respects skin's condition with its non-abrasive scrub to leave hands clean.

- Widely used across manufacturing, engineering and processing plants with the Germstar® Touchless dispenser system to offer pure peace of mind.
- Perfect for use alongside Germstar® Extra Mild Soap and Sanitizers for peak hand hygiene
- Hand-friendly with pleasant fragrance
