Brochure

adapt[®] 700

The heavy-duty solution to accommodate the larger user

The adapt[®] 700 has an asynchronous pelvic tilt mechanism, this allows you to adjust the backrest angle and the seat tilt independently of each other

Standard features are an inflatable lumbar support, a memory foam seat pad and a heavy-duty, polished aluminium base

fabric options

The adapt[®] 700 comes with the fabric and 'faux-leather' combination (pictured) as standard.

Ergochair can source a highly versatile range of fabric and colour options to suit your specific needs - talk to us for more details.
