BORDERLESS BLACK GLASS DOOR SERIES

GLASS DOOR WITH STAINLESS TRIM SERIES

At KingsBottle, we know and appreciate all that goes into making a fine bottle of wine. We also know that improper storage can ruin any bottle. After all of our research we have come up with our own line of refrigerated wine fridges that combine all of the most sought after elements into one unit. We know what it takes to create the perfect wine refrigerator.

Having the perfect place to store those precious bottles wasn't enough. We wanted to make sure that every unit we crafted had a simple, sleek, and clean style that will add value to any room. Whether you want your KingsBottle refrigerated wine fridge to be the center of attention or to remain, elegantly, in the background, we have you covered.

Key Features:

- Long life, high quality, quiet running Embraco INVERTER compressor that provides vibration free cooling.
- High quality temperature control system with automatic defrosting control mode, room high/low temperature alarm system, energy-saving management.
- State of the art fan - fan circulated air-cooling system. Cool air blows and distributes throughout the cabinet to ensure temperature uniformity in the entire cooler.
- Unique front-venting heat dispersion systems that allow each cooler to be built-in to cabinetry with minimal clearance.
- Beautiful hard wood shelves are strong, even under heavy loads, and warp resistant. Optimized for maximum bottle capacity and designed with standard Bordeaux, Pinot Noir, Riesling, and Champagne/Sparkling Wine bottles in mind.
- Steel ball-bearing rollers to ensure effortless placement and extraction of bottles regardless of weight.
- Gas charged tempered safety glass door, UV double layered coated glass to protect wine from both incandescent and fluorescent light sources.
- Lock with a spare key to protect your stock.

What's new in 2020 ?

With the move to Embraco INVERTER compressors, we have partnered with an innovator in the compressor industry. At the heart of our units is a leading edge compressor, produced by a company known for its quality and reliability. The result is a quiet cooler with quality, stability, durability and energy efficiency. Coupled with our industry respected fans create a cooler worthy of the KingsBottle name.

The interior cabinet and wood shelves are re-designed and optimized for maximum bottle capacity with standard Bordeaux, Pinot Noir, Riesling, and Champagne/Sparkling Wine bottles in mind.

As a testament to our confidence and quality, our manufacturer's warranty coverage is being extended to 2 years from date of purchase.

display shelves options

As an additional option, you might like the idea to have some display shelves to show your bottle label. You could refer to the instruction to remove the 2nd shelf at the top (use the screws to fill the holes on the wall after shelves removed), and then change the 1st, 3rd shelves to display shelves.
Note: This changes will reduce the total storage capacity.

HAPPY CUSTOMERS

Great Product

Posted by **Unknown**

I researched many wine refrigerators and this brand had consistent good reviews and for the money I figured I can go through two of them for the price of one of the more expensive options. I took a chance and I have been happy with the product. It works well and I purchased the extended warranty which I hope will not be needed.

classy & functional

Posted by **Capt. Gary**

This is a full frills very well built cooler. Holds temps well. I am running at 56 & it stays within 3-4 of it. Drawers are wood & display very well. The 2 display racks showcase wines very well. Why they call them 100 bottle or however many bottles, is beyond me. Figure 90 bottle+, but that's fine. I have mine with the glass door in black. VERY classy look. If you are looking at a cooler in the size, for only 1 temp range, Buy This...Period. You will not be disappointed.

classy, sleek and modern

Bought this 100 bottle single zone cooler to use as a builtin when I remodeled my kitchen... love it!!! It looks classy, sleek and modern. I particularly like the blue LED lights...great touch for a modern system

Love it

First large wine fridge I've ever purchased. It's quite, is sharp looking, it hasn't had any problems.

Wino Here..drinks well with others

These are great wine cellars...we tend to buy a few cases when we find a big red that we like so it's nice having this large capacity. The only problem is that some of the pretty little blue lights on the inside didn't work; they tried to fix them but never quite got them all working at once. We love having this cooler..no more worry about hot summer days ruining our wine

Nice wine refrigerator

Delivery of product was great. Emailed me when they said they would...followed up efficiently. Delivered on time.Wine fridge is as represented. Nice design especially like the 3 display racks as better for fitting Pinot bottles. As like every other fridge it does not fit the amount of bottles it says. I will have to take a rack or two out to fit rest of my Pinot noir bottles. Pretty much this is only reason why I can't give it five stars. It runs quietly and is very aesthetic.

Works great, looks great, wine is safe!

We really like our Kingsbottle cooler. It works great. The temperature is set at 55 and is always between 53 and 57, but usually right at 55. We could only fit 115 bottles in it and had to remove two shelves to fit some of our bigger bottles. It took almost three weeks to get here but the "white glove" delivery was worth it. It is a little loud when it starts up but we have it right near our chairs in the living room. We have an app "my wine cellar" that helps us keep track of where bottles are.

Fit for the Sommelier

Posted by **Unknown**

My husband is a certified sommelier and collector, and we have been looking for a good quality wine fridge of this size for a few years now. We had been using two smaller sized wine fridges, which rarely held temperature correctly. We were afraid it would ruin our wine over time, so we were so excited to hear about Kings Bottle and its high standards for wine storage. The other wine fridge companies out there simply do not offer what Kings Bottle does; the quality, reliability and beauty can't be compared. We were very pleased with the customer service, as well. The personalization was incredible, and they updated us all along the way regarding delivery, status, etc. We could not have had a more wonderful experience purchasing our wine fridge. It is the conversation starter now when guests visit, as it is a beautiful addition to the room and allows us to display our nicest bottles without having to open the fridge. The temperature holds accurately and it's truly beautiful. Highly recommend!
