

Muc-Off Partners With British Championship Winning Team: Crendon Fastrack Honda

POOLE 15.04.2021, FOR IMMEDIATE RELEASE — Muc-Off, the global leader in bike and motorcycle care and maintenance, are pleased to announce their new partnership with British Championship winning team, Crendon Fastrack Honda for 2021 as part of an exciting line up of teams and athletes that Muc-Off are supporting across both bicycle and powersports disciplines.

“I am stoked to be working with Dave Thorpe and the Crendon Fastrack Honda team this year. Dave’s team have a great pedigree and to have elite riders such as Tommy Searle and Jake Nicholls on the team really says it all! We look forward to partnering with them and supporting their quest to clinch the 2021 British Motocross Championship title” - Alex Trimmell CEO Muc-Off

Run by three-time World Motocross Champion and British Motocross legend David Thorpe, Crendon Fastrack Honda will be competing in the top-flight of British motocross championships, the ACU British Motocross Championship and the MX Nationals. Heading up the team are the two fastest motocross riders in the UK: 31-year-old Tommy Searle and 30-year-old Jake Nicholls. Both riders will be riding the new CRF 450, and they will both be challenging for the title. New to the team and completing the line-up is 23-year-old Jay Hague who will be riding the CRF 250 in the MX2 class.

Both Searle and Nicholls have a wealth of experience between them, having both competed in the highly coveted FIM World Motocross Championships for over a decade. Searle finished runner up in the MX2 class and Nicholls had a career best of second overall. Both riders retired from the world racing scene within the last few years to concentrate on racing on home soil. Hauge, a former Youth Champion became a professional motocross rider in 2017 is being nurtured by Dave Thorpe to rebuild his confidence in his ability after a tough start to his career.

“As a race team we are constantly evolving and are looking for better performance in many departments. I like to think that Muc-Off run in parallel with that because not only do they have a great product range right now, but they have loads of innovative ideas that are coming in the future that will enhance our performance further in the long run.” – Dave Thorpe Team Owner Crendon Fastrack Honda

Muc-Off will be supporting the team with a full selection of products from their Clean, Protect and Lube systems, which includes the renowned pink Nano Tech Bike Cleaner; the flagship product that launched the brand back in 1994. Muc-Off will also be working with the team to develop and test new off-road products to help them drive their competitive edge while racing.

Crendon Fastrack Honda will make their racing debut as a team at Culham on the 1st and 2nd May 2021 in the ACU British Motocross Championship. Tommy Searle and Jay Hague will be racing this weekend (17th/18th April) at Hawkstone Park in the Bridgestone Masters as a pre-season warm up.

ABOUT MUC-OFF:

Back in 1991 Rex and Marilyn Trimnell got things started with X-Lite UK. After designing and manufacturing the world’s first twin crown bicycle fork, Rex created a perfectly pink spray to clean his kit. To make a long story short, Rex’s cleaner was the best thing since sliced bread, and it wasn’t long before word got out and Muc-Off was born.

Fast-forward to now and Muc-Off is now the go-to brand for top riders. And, in case you haven’t noticed, we do a bit more than our iconic original pink cleaner these days.
