SECURITY

Electric Door Strike

SD-995C For metal doors, 12VDC, UL Listed SD-995C24 For metal doors, 24VDC, UL Listed

The SECO-LARM[®] Electric Door Strike can be used to convert cylindrical lock sets into an electronic access controlled locking system. Combine with an optional SECO-LARM[®] digital keypad for keyless high security.

Features:

- UL 294 & UL 1034 Listed
- Field-selectable for fail-safe or fail-secure operation
- Can be used with virtually any cylindrical door locking system
- Can use with an optional digital keypad
- Suitable for office-type applications
- Reversible non-handed design fits either right-hand or left-handed doors
- Shallow design for use with most metal doors
- Powered by a solenoid, not a buzzer coil
- Static strength 1,000-lbs. (454kg)
- Stainless steel keeper for strength and long life
- Non-polarized connection
- Tested to 250,000 cycles

Trimplate (included)

Specifications:
