

# ShowFlex™ Set-Up

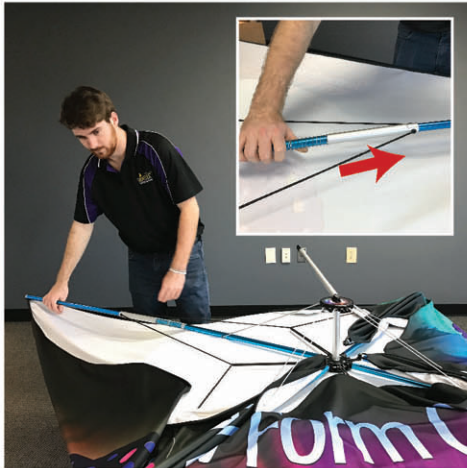

Set ShowFlex upright on table

Unfold unit by pushing hub toward table

Pivot telescoping leg 90° to lock hub.

Unfold arms and lock spring loaded sliders

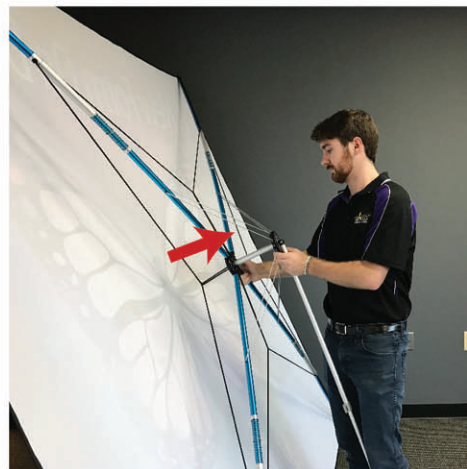

Unfold remaining arms locking the sliders

Unfolding last arm stretches fabric tight

Extend the telescoping leg

Pull hub away toward you to complete set-up

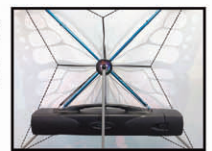

Ready to show!

Patent Pending

**IMPORTANT:** Pivot telescoping leg 90 degrees to lock the hub in place **BEFORE** unfolding the arms of the ShowFlex.

**Note:** Hang the molded shipping case with the shoulder strap on the back hub to add counterbalance to the display.
