A modern kitchen with a wooden bar, a large illuminated umbrella light, and a stone wall. The kitchen features dark wood cabinetry, a marble countertop, and a stone wall. A large, illuminated umbrella light hangs over the bar. The bar is made of dark wood and has a polished surface. Four wooden bar stools with red cushions are lined up at the bar. The background shows a kitchen area with a sink, a stove, and a refrigerator. The overall atmosphere is warm and sophisticated.
