

# SUCSEED IN LANGUAGE ARTS

## Example Activities:

- Keep a journal of the growing process
- Write a poem about hydroponics, growing and/or plants
- Design a power point presentation about the growing cycle
- Have an agricultural spelling bee where words are related to farming, growing, and hydroponics
- Play bingo using hydroponic and growing words
- Brainstorm 10 questions and invite a farmer to your class to interview
- Write stories involving hydroponics and healthy eating
- Create and distribute a survey about healthy eating, growing, and hydroponics
- Create a skit showing ways to reduce waste and water consumption
