WARRANTY INFORMATION

2-YEAR LIMITED WARRANTY FOR THIS VACUUM HOSE KIT

KING CANADA TOOLS OFFERS A 2-YEAR LIMITED WARRANTY FOR NON-COMMERCIAL USE.

PROOF OF PURCHASE

Please keep your dated proof of purchase for warranty and servicing purposes.

LIMITED TOOL WARRANTY

King Canada makes every effort to ensure that this product meets high quality and durability standards. King Canada warrants to the original retail consumer a 2-year limited warranty as of the date the product was purchased at retail and that each product is free from defects in materials. Warranty does not apply to defects due directly or indirectly to misuse, abuse, normal wear and tear, negligence or accidents, repairs done by an unauthorized service center, alterations and lack of maintenance. King Canada shall in no event be liable for death, injuries to persons or property or for incidental, special or consequential damages arising from the use of our products.

To take advantage of this limited warranty, return the product at your expense together with your dated proof of purchase to an authorized King Canada service center. Contact your retailer or visit our web site at www.kingcanada.com for an updated listing of our authorized service centers. In cooperation with our authorized serviced center, King Canada will either repair or replace the product if any part or parts covered under this warranty which examination proves to be defective in workmanship or material during the warranty period.

NOTE TO USER

This instruction manual is meant to serve as a guide only. Specifications and references are subject to change without prior notice.

ASSEMBLY

INSTALLING HOSE HANGER

This kit comes with a hose hanger (A) Fig.1 which gets installed in the small hole at the end of the rear rail (B) of the rip fence system.

Remove butterfly nut and washer from the hose hanger, insert hose hanger into hole in rear rail and position it as shown in Fig.1. Secure the hose hanger using the washer and butterfly screw. Once tight, tighten the top hex. nut (C) with an open end wrench.

FIGURE 1

INSTALLING HOSE

Slide one end of the vacuum hose (A) Fig.2 over the blade guard adapter (B). Position the hose between the hook of the hose hanger (C).

FIGURE 2

Slide other end of the hose (A) Fig.3 over the 1-1/2" fitting (B) on the side of the 4" dust chute (C) of the Cabinet Saw (model KC-10KX).
