# PUSSYHAT PATCHWORK

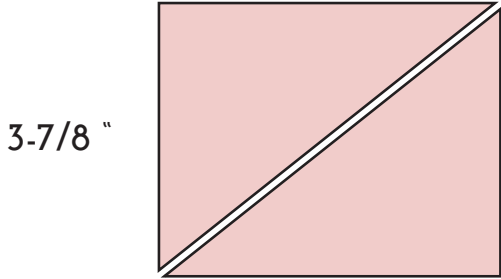

DESIGNED BY AMBER CORCORAN  
in support of the 2018 Denver Women's March and Project Pussyhat

As a woman run business, we are always looking for ways to uplift and support women and the Women's March seemed like the perfect time to show everyone just how incredible and powerful we think women are. Amber designed this quilt top for a shop window display in support of Denver's Women's March and Project Pussyhat, but it was too great to keep it for ourselves. Join us in celebrating women the best way we know how...through crafting!
