STB Stacking Baskets

Premium quality 500mm wide heavy-duty wire stacking baskets. A firm favourite for many years.

Designed to last by AWP, these robust merchandising baskets can be stacked on top of each other in different combinations to create a brilliant free-standing display. Or directly onto shelving for easy product merchandising (crisps, tools etc.). Metal loops on the tops of the baskets ensure a perfect fit every time and helps prevent toppling. The baskets come fully assembled and ready to use. Don't forget to add Easy-fix **dividers** & **product strips** to your order. Bases (plinth or wheeled available)
